- Call today for more information

WET SCREED

FROM \$1950 GST

FEATURES

An advanced screed providing time savings, operator comfort and ultimate floor flatness.

- Honda GX35 Motor
- Vibration absorbing frame
- Large range of bar sizes available

HUSQVARNA SOFFCUT SAWS

KEY FEATURES

The Soffcut system allows control cuts to be placed while the concrete is still green. This reduces shrinkage cracking, edge spalling and provides time savings.

Dry cuts provide fast easy clean up.

MODEL: X-150

FROM \$3300 GST

FEATURES

Compact and lightweight providing simple cutting on small to medium sized projects.

- 4.5 Hp motor
- 30mm cut depth
- Robust roll frame
- Call today for more information

MAX CORDLESS REBAR TIERS

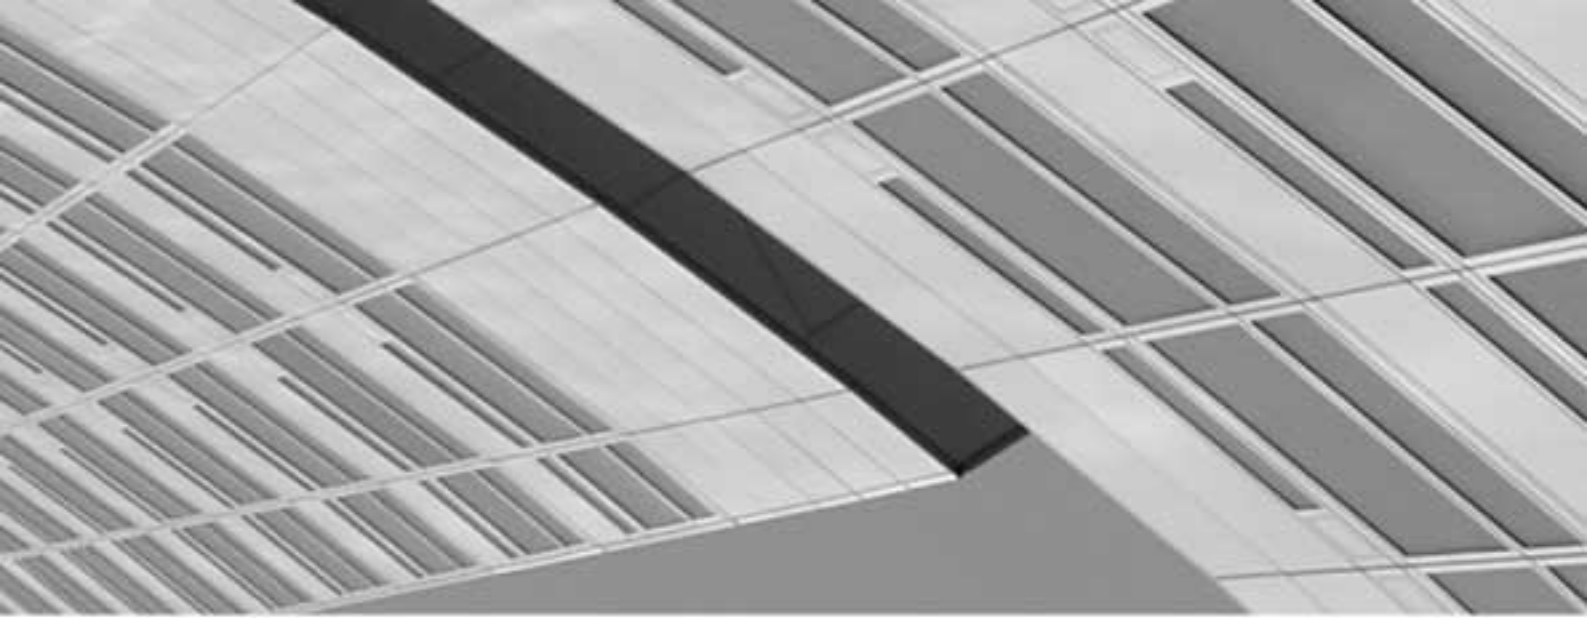

MODEL: RB397

FROM \$3200 GST

FEATURES

Reliable fast tying provides the ultimate time saving for steel fixing contractors. New Li-ion Battery providing 5 times the tying per charge as normal batteries.

- Lightweight and compact
- 39mm Capacity

MASTERFINISH TROWEL MACHINES

MODEL: H10-66 (34")
FROM \$1700 GST

MODEL: H10-69 (40")
FROM \$1800 GST

FEATURES

Master finish trowel machines include a sealed, robust base and tilting mechanism which minimises maintenance costs.

A low centre of gravity ensures stability and balance for better finishing and reduced operator fatigue and backache.

- Available in 34" & 40"
- Made in Australia
- Honda engines
- Adjustable handles
- Runaway prevention switch, plus vee belt, clutch guard and blade guard
- Finger tip blade tilting mechanism control

DRIVE UNITS, SHAFTS & PUMPS
